Dear Rich,

I wanted to take the opportunity to express my gratitude for the outstanding efforts that are making the 12-24 Club, Inc.'s project a success. We are on schedule, and the projected budget is right in line.

When we began the planning process having you and your staff working with us was absolutely Invaluable. Now with the construction nearing the mid way point that same confidence and professionalism is carried into the entire Capital Campaign. During these difficult economic times we realized that \$3,106,000.00 was truly a daunting task. Neil McMurry in his infinite wisdom knew that we needed a real good start in order to make this work. In February of this year his contribution of the building was the catalyst that we needed. That along with the fact that W.N. McMurry is the general contractor has prompted our gracious donors to come onboard with the knowledge that the project will get finished and finished with a quality product.

Rich we look forward to our continued partnership and I would be honored to recommend you and the W. N. McMurry Construction Co. at your request.

Once again pass along our gratitude to all for a job well done.

Sincerely,

Dan Cantine  
Project Director
