Bethany Perez
W.N. McMurry Construction Co. & Magnum Construction Co.
1300 Venture Way
Casper, Wyoming 82609

Dear Bethany,

The 2009 AIA Wyoming Annual Meeting and Conference held in Casper on October 29 and 30, 2009 was a tremendous victory. AIA Wyoming's partnership with the Nicolaysen Art Museum for the Arteducology Symposium was an extremely successful venture, but we couldn't have done it without W.N. McMurry Construction and Magnum Construction's assistance and sponsorship. Thank you very much for your generosity and investment in AIA Wyoming!

The only uncooperative portion of the conference was the weather! We were disappointed that you and other staff members could not attend the conference, but we certainly understand. Please extend our thanks to Rich Fairservice and Rick Nelson for their support. We are very grateful

Sincerely,

Lisa M. Hubbard, AIA, LEED AP
